Statement	STSTB develops, implements, administers, and provides safe, efficient, cost-effective transportation for its member boards. During the routing process, STSTB staff will endeavor to not have students spend an undue amount of time riding on a school bus.
Practice	<u><i>Whenever possible</i></u>, ride times for students will not exceed one hour each way on a school bus. Ride time is calculated as time riding on the bus between pick-up/drop-off at the stop and arrival/departure at the school and is based on normal traffic and weather conditions. For students who reside in rural areas or attend programs at schools outside their home school catchment area (ie. French Immersion, IB), ride times may exceed one hour.

Student Safety is Our Number One Priority.
